Autoboard Frame is one of the best and leading vehicle advertisements. It is made of a 42 mm silver-anodized security profile fitted in the sides of vehicles such as trucks, buses, ice-cream vans, etc..
In order to hang the Autoboard Frame on the vehicle, you just need to fix the screws through the channel of the frame. It is easy to change the poster and with the help of the hinges the PET front cover remains constantly fixed and stable. The protective PET front cover is standard. The rear profile of the Autoboard Frame includes water leakage holes. Anti-glare poster cover sheet included.

AUTOBOARD FRAME

2 colours in 1 frame

Paper boards is a snap open design, paper holder. Suitable for indoor use and in portrait position. Provided with 2 clear plastic clips for each paper, one product can present 4xA4, 6xA4 or 9xA4 options. 2 colour presence serve different needs & design of environment. Paperboard is suitable for office use, as announcement boards, schools, markets and hospitals. Anti-glare poster cover sheet.

IP55 APPROVED

The four sides of the lockable frame open sequentially. The last profile is held in place with a screw on top that can be opened with its key. This system ensures your poster is never accessed by unauthorized third parties. Suitable for outdoor use. The product has water drainage holes (for details see assembly sheet). Anti glare poster cover sheet.

LOCKABLE WEATHERPROOF FRAME

The lockable Window Frame system is available in a 32 mm profile. Thanks to 2 anti-reflex PET covers, your posters can be displayed both indoor & outdoor. The system includes a decorative back profile to hide the double-sided adhesive tape holding the frame up to the window. As the tape surrounds the whole frame, it prevents any water flow from the outside in order to keep your poster dry. The profiles open sequentially and the lockable system ensures your poster is never accessed by unauthorized third parties. Antiglare poster cover sheet.

Hidden LED application

Pre-treated special acrylic
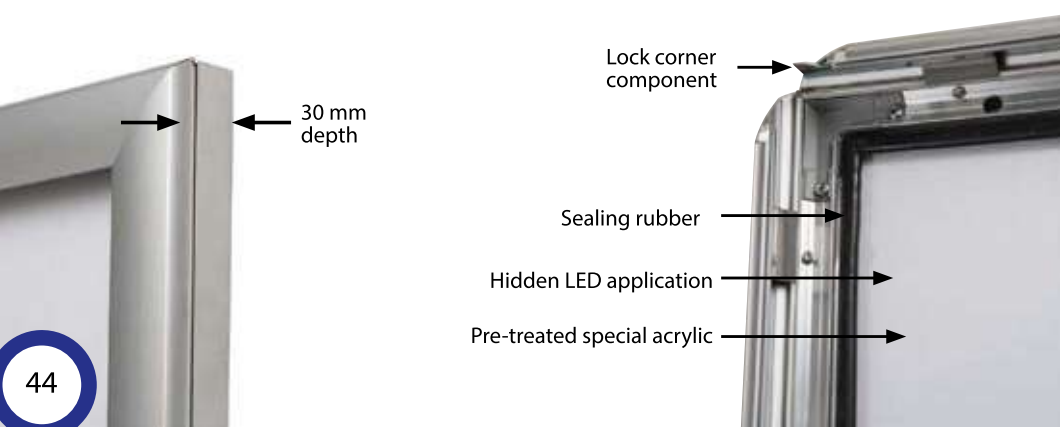

Ultra slim and clear Acryled. The edge-lit acryled mounts portrait or landscape for various types of signage. Edge-lit Acryled lights up poster in sizes of A4, A3, A2. Acryled lit with LEDs use less power then traditional illuminated signage. poster is placed in between the specially treated acrylic & cover acrylic sheet & fixed in position by two clear clips on two short sides. Products is available in 2 colours; silver and black. Compared to traditional articles in the market, Acryled provides easy poster change when unit keeps mounted on the wall.

Modular alphabet with LED
The sockets to be used to collocate the letters are specially designed as Silver plated brass. Therefore it is resistant to corrosion and the relevant problems. The most important feature of modular letters is that LEDs' high lumen output with their 90.000 hrs lifetime.
Injection moulded letters are UV filtered and their colour will not fade away in case of direct sunlight exposure . Their printed circuit boards are double sided and epoxide.
The modular letters are impact modified and riveting method is used to prevent copper strips from being broken off. Products are for indoor use.

- Practical Application
- Environmentalist solution
- Affordable
- LED Integration
- Highly Productive
- Very Noticeable

Slim and Sleek!
The lockable poster Display case, Universal Showboard is designed to display printed poster in different options. When seen on the wall, it looks like a snap frame with slim case which is 27 mm deep, 30 mm profile and hidden lock on the side. It is suitable for public places or outdoor use under a shelter. It is easier to change the poster with hinged door and clips holding the poster.

OMNIFRAME

www.omni-frame.com

Suitable for outdoor large format prints, Omni Frame is a large format Outdoor Banner System, made from lightweight aluminium. It is ideal for use with PVC eyelet banners and mainly used for large advertising areas which need to be changed regularly such as most forecourts and retail environments. Omni Frame is suitable for flat, large banners on buildings as well as mounting stand displays for indoor and outdoor use. This banner holder is assembled quickly and easily, it is a real alternative to traditional billboards.

OMNI FRAME

Wall fixing screws of Omni Frame are included in the pack which are CE certified multi-expansion long plugs. Special anti-corrosion coated screw is made of zinc coated steel and plastic sleeve made of high quality of nylon. It is confirmed for outdoor fixing on various exterior building surfaces such as concrete, solid or honeycomb brick, hollow dense or hollow light aggregate block, aerated concrete and solid stone.

Gray carry bag

An ideal brochure stand that allows an indoor use of different models. The fixing grooves on both sides of the central pole hold single-sided or double-sided frames and shelves separately or collectively at the same time. The frames are recommended for use in 30 mm profiles in both Portrait or Landscape position.

Smart Roll Banner; With the
latest revision on Smart Roll
Banner, M&T concentrated on
both design and outlook features
of the product&functionality.
Pipe fixation addition, improved
end caps provide a more stable
product and the new revised
design gives a more elegant look
to the porduct. The aluminum
body is silver anodised, stands
at min 1000 mm, max 2300 mm
height, has a unique telescopic
pipe.

Pop-up stands are still the most popular standard display for large graphic displays. They are easy to transport, light weight, simple pop-ups and packable into a roto-molded plastic carry bag for transportation. Pop-up displays have a variety of sizes 3x3, 3x4. Panels are fitted to create a round display. Lights are available when requested.
